9.2. Types of Orders Accepted

Some of the types of orders accepted include, but are not limited to:

- (i) **Market Order** - Market order is an order to buy or sell a security at the current price. Execution of this order results in opening of a trade position. Securities are bought at ASK price and sold at BID price. Stop Loss and Take Profit orders (described below) can be attached to a market order. As the order is executed at market price, execution price may be different from the price indicated when entering the order due to a change in market price at the time of execution or due to insufficient liquidity.
- (ii) **Pending Order** - Pending order is an order to buy or sell a security at a pre-defined price in the future. This type of orders is used for opening of a trade position provided the future quotes reach the pre-defined level. There are four types of pending orders available in the platform:
 - Buy Limit – buy provided the future "ASK" price is equal to the pre-defined value. The current price level is higher than the value of the placed order. Orders of this type are usually placed in anticipation of that the security price, having fallen to a certain level, will increase;
 - Buy Stop – buy provided the future "ASK" price is equal to the pre-defined value. The current price level is lower than the value of the placed order. Orders of this type are usually placed in anticipation of that the security price, having reached a certain level, will keep on increasing;
 - Sell Limit – sell provided the future "BID" price is equal to the pre-defined value. The current price level is lower than the value of the placed order. Orders of this type are usually placed in anticipation of that the security price, having increased to a certain level, will fall;
 - Sell Stop – sell provided the future "BID" price is equal to the pre-defined value. The current price level is higher than the value of the placed order.
- (iii) **Stop Loss** – This order is used for minimizing of losses if the security price has started to move in an unprofitable direction. If the price reaches this level, the position will be closed automatically. Such orders are always connected to an open position or a

pending order. The trading platform checks long positions with BID price for meeting of this order provisions (the order is always set below the current BID price), and it does with ASK price for short positions (the order is always set above the current ASK price). Please note that because of market gapping, the best available price that may be achieved could be materially different to the price set on the stop loss order and as such, stop loss orders are not guaranteed to take effect at the price for which they are set.

- (iv) **Take Profit** - Take Profit order is intended for gaining the profit when the security price has reached a certain level. Execution of this order results in closing of the position. It is always connected to an open position or a pending order. The trading platform checks long positions with BID price for meeting of this order provisions (the order is always set above the current BID price), and it does with ASK price for short positions (the order is always set below the current ASK price). Please note that because of market gapping, the best available price that may be achieved could be materially different to the price set on the take profit order and as such, take profit orders are not guaranteed to take effect at the price for which they are set. Following submission of an order, it is your sole responsibility to remain available for order and fill confirmations, and other communications regarding your Account until all open orders are completed. Thereafter, you must monitor your Account frequently when you have open positions in the Account. Your order shall be valid in accordance with the type and time of the given order, as specified. If the time of validity or expiration date/time of the order is not specified, it shall be valid for an indefinite period, until filled or cancelled by Customer and shall not be automatically cancelled at the end of the Business Day on which it was placed.

9.3. Terms of Acceptance for Orders

It is your sole responsibility to clearly indicate the terms of an order when entered, whether it is a market order, pending order, stop loss order or any other type of order, including the relevant price and lot size. You acknowledge and agree that, despite our best efforts, the price at which execution occurs may be different to the price specified in your order. This may result from sudden price movements in the underlying assets that are beyond our control. **AAAFx** shall have no liability for failure to execute orders. **AAAFx** may, at its sole discretion, reject any order in whole or in part prior to execution, or to cancel any order, where your Account contains margin that is insufficient to support the entire order or where such order is illegal or otherwise improper.

9.4. Execution Policy

In accordance with the Applicable Regulations, we are required to have an execution policy and to provide our clients with appropriate information in relation to our execution policy. Where you place orders with us, the execution factors that we consider and their relative importance is as set out in the best execution policy disclosure that we have provided to you prior to entering into this agreement.

9.5. Authority

We shall be entitled to act for you upon instructions given or purporting to be given by you or any person authorized on your behalf without further enquiry as to the genuineness, authority or identity of the person giving or purporting to give such instructions provided such instruction is accompanied by your correct Account number and password. If your Account is a joint account, you agree that we are authorized to act on the instructions of any one person in whose name the Account is held, without further inquiry. We shall have no responsibility for further inquiry into such apparent authority and no liability for the consequences of any actions taken or failed to be taken by us in reliance on any such instructions or on the apparent authority of any such persons.

9.6. Cancellation/withdrawal of instructions

Non-market orders may be cancelled via the **AAAFx** Online Trading System but we can only cancel your instructions if you explicitly request so, provided that we have not acted up to the time of your request upon those instructions. Executed instructions may only be withdrawn or amended by you with our consent. **AAAFx** shall have no liability for any claims, losses, damages, costs or expenses, including legal fees, arising directly or indirectly out of the failure of such order to be cancelled.

9.7. Right not to accept orders

We may, but shall not be obliged to, accept instructions to enter into a Transaction. If we decline to enter into a proposed Transaction, we shall not be obliged to give a reason but we shall promptly notify you accordingly.

9.8. Control of orders prior to execution

We have the right (but not the obligation) to set limits and/or parameters to control your ability to place orders at our absolute discretion. Such limits and/or parameters may be amended, increased, decreased, removed or added to by us at our absolute discretion and may include (without limitation):

- (i) controls over maximum order amounts and maximum order sizes;
- (ii) controls over our total exposure to you;
- (iii) controls over prices at which orders may be submitted (to include (without limitation) controls over orders which are at a price which differs greatly from the market price at the time the order is submitted to the order book);
- (iv) controls over the Electronic Services (to include (without limitation) any verification procedures to ensure that any particular order or orders has come from you); and/or
- (v) any other limits, parameters or controls which we may be required to implement in accordance with Applicable Regulations.

9.9. Trade Adjustments

9.9.1. Customers must be aware that transactions on CFDs and FX carry a high degree of risk. The amount of initial margin may be small relative to the value of the position so that transactions are 'leveraged' or 'geared'. A relatively small market movement may have a proportionately larger impact on the funds that the Customer has deposited or will have to deposit. This may work against as well as for the customer.

9.9.2. **AAAFx** reserves the right to widen its variable spreads, disable trading to any or all instruments, adjust leverage, change its rollover rates and/or increase the margin requirements under certain market conditions including, but not limited to, when the trading desk is closed, around fundamental announcements, as a result of changes in credit markets, at times of extreme market volatility or when one or more Liquidity Providers have taken one or more of the above measures and/or when **AAAFx** deems that such exposure is risky and that it is not possible for **AAAFx** to mitigate its risks.

9.10. Execution of orders

We shall make all reasonable endeavors to execute any order you place, taking into consideration the relevant market conditions and our Liquidity Providers' Risk Management Policy. By accepting your orders we do not warrant that it will be possible to execute them, or that execution will be possible according to your instructions. If we encounter any material difficulty carrying out an order on your behalf, you will be notified, without undue delay.

9.11. Negative Balance Protection

FX Contracts and CFDs, which are leveraged products, incur a high level of risk and can result in the loss of all of the client's invested capital. However, it should be noted that **AAAFx** operates on a 'negative balance protection' basis which means that the client cannot lose more than his/ her overall invested capital (deposit), as long as **AAAFx** determines at its sole discretion and in good faith, that the occurrence of such negative balance is not due to any malicious or abusive behavior of the Customer and has not been intentionally caused by the Customer.

9.12. Confirmations and reports

9.12.1. At the end of each trading day an e-mail notification shall be sent to the e-mail address that you have notified to us, informing you of the execution of the transactions carried out during the relevant trading day. This e-mail confirmation will include all relevant to the transactions details and will be in a format allowing you to save it in your computer/mobile phone or print it. In addition the details of all Transactions that we execute on your behalf will be available via your online Account on the Trading Platform, which is updated online as each Transaction is executed.

9.12.2. In cases where the prevailing market represents prices different from the prices posted by **AAAFx** in line with its Liquidity Providers' offering, **AAAFx** will attempt, on a best efforts basis and in good faith, to execute market orders on or close to the prevailing market prices, provided this is possible also through its Liquidity Providers. This may or may not adversely affect customer's realized and unrealized gains and losses.

9.12.3. If we hold financial instruments or funds belonging to you under this Agreement, we shall inform you at least on a quarterly basis as regards the assets held on your behalf on the last business day of the calendar quarter ("Statement of Assets"). The Statement of Assets will be available to your online Account on the Trading Platform. In addition, we will inform you at least once a year of the total expenses incurred in the context of your transactions, by making available to your online Account on the Trading Platform the relevant statement. It is noted that you will be able to generate other account statements detailing your transaction activity, profit and loss statements, open positions, margin balances, account credits and debits and other available information. In addition, we may send to you to the address that you have communicated to us, any of the reports and/or confirmations posted online, to the extent we deem that it is necessary to do so.

9.12.4. Confirmation of execution and statements of your Account(s), in the absence of manifest error, shall be deemed correct, conclusive and binding upon you if not objected to immediately by email if orders were placed through **AAAFx** Online Trading System or by telephone to the Trading Desk, within five Business Days of making such confirmations available to you via our website or we notify you of an error in the confirmation within the same period.

9.12.5. Where the initial value of each leveraged instrument held in your account depreciates by 10% and thereafter at multiples of 10%, we will notify you via e-mail no later than the end of the day in which the threshold is exceeded. The evaluation of the depreciation percentage regarding your positions may take place only once a day, at a specific time determined by **AAAFx** and with an evaluation method as determined from time to time by **AAA**.

9.13. Improper or Abusive Trading

9.13.1. **AAAFx**'s objective is to provide the most efficient trading liquidity available at its Liquidity Providers' level, in the form of streaming, tradable prices for most of the financial instruments we offer on the trading platform. As a result of the highly automated nature of the delivery of these streaming, tradable prices, you acknowledge and accept that price variations are likely to occur from time to time in CFDs and FX products.

9.13.2. Should you execute trading strategies with the objective of exploiting such misquotation(s) or act in bad faith (commonly known as 'sniping'), **AAAFx** shall consider this as unacceptable behaviour. Should **AAAFx** determine, at its sole discretion and in good faith, that you or any representative of yours trading on your behalf is taking advantage, benefiting, attempting to take advantage or to benefit of such misquotation(s) or that you are committing any other improper or abusive trading act such as for example:

- (i) fraud/illegal actions that led to the transaction;
- (ii) orders placed based on manipulated prices as a result of system errors or system malfunctions;

- (iii) arbitrage trading on prices offered by our platforms as a result of systems errors; and/or
- (iv) coordinated transactions by related parties in order to take advantage of systems errors and delays on systems updates,

Then **AAAFx** through its liquidity providers will have the right to:

- (i) adjust the price spreads available to you; and/or
- (ii) Restrict your access to streaming, instantly tradable quotes, including providing manual quotation only; and/or
- (iii) obtain from your account any historic trading profits that you have gained through such abuse of liquidity as determined by us at any time during our trading relationship; and/or
- (iv) reject an order or to cancel a trade; and/or
- (v) immediately terminate our trading relationship

9.14. Prohibited Trading

9.14.1. No employee and/or former employee who currently works or used to work on a full time or part time basis for **AAAFx** or any of its related entities shall, during the term of the employee and/or former employee's service to **AAAFx** or any of its related entities and after termination of service become a client of any brand of **AAAFx** (either directly or indirectly, alone or with partners, associates, affiliates or any other third party) without **AAAFx**' prior written approval. Should **AAAFx** consider that the employee and/or former employee is trading with any brand of **AAAFx** without the **AAAFx**' prior written approval personally and/or via a third party we shall consider all the trading to be abusive and/or improper trading. In such circumstances the employee and/or former employee's trading account(s) and all open positions shall be closed immediately and any funds held within the account may be withheld or confiscated.

9.14.2. No business associate or former business associate of **AAAFx** or any of its related entities shall, during the period of the agreement between the associate/former business associate and **AAAFx** and after termination of such agreement, become a client of any brand of **AAAFx** (either directly or indirectly, alone or with partners, associates, affiliates or any other third party) without **AAAFx**' prior written approval. Should **AAAFx** consider that the associate/former business associate is trading with any brand of **AAAFx** without **AAAFx**' prior written approval personally and/or via a third party we shall consider all the trading to be abusive and/or improper trading. In such circumstances the relevant associate/former business associate's trading account(s) and all open positions shall be closed immediately and any funds held within the account shall be confiscated.

9.15. Disabling and Cancelling Deposits

We have the right not to accept funds deposited by you and/or to cancel your deposits in the following circumstances:

- (i) if you fail to provide **AAAFx** with any documents it requests from you either for client identification purposes or for any other reason;
- (ii) if **AAAFx** suspects or has concerns that the submitted documents may be false or fake;
- (iii) if **AAAFx** suspects you are involved in illegal or fraudulent activity;
- (iv) if **AAAFx** is informed that your credit or debit card (or any other payment method used) has been lost or stolen;
- (v) where **AAAFx** considers that there is a chargeback risk; and/or
- (vi) when you deposit \$10,000 or more or if you make over 10 separate deposits to your trading Accounts and **AAAFx** is unable to verify your credit or debit card details or is unable to verify any other payment method used.

In case of cancelled deposits, and if there is not a confiscation of your funds by a supervisory authority on the grounds of money laundering suspicion or for any other legal infringement, your funds will be returned to the bank account that have been initially received.

9.16. Performance and settlement

You will promptly deliver any instructions, money, or documents deliverable by you under a Transaction in accordance with that Transaction as modified by any instructions given by us.

9.17. Position limits

We may require you, due to certain market conditions, to limit the number of open positions that you may have with us at any time. In case you will not follow our request, we may close any one or more Transactions in order to ensure that such position limits are maintained.

9.18. Withdrawals

9.18.1. Without prejudice and subject to the terms of this Agreement, all Applicable Regulations and all conditions attaching to any relevant payments made to you under a bonus or rebate scheme operated by us, funds may be withdrawn by you from your Account provided that such funds are not being utilized for margin purposes or have otherwise become owing to us. Once your withdrawal request is approved, your withdrawal request will be processed by us and sent for execution to the same bank, credit card or other source from which the funds were debited or as we, in our absolute discretion determine, as soon as possible. Withdrawals will only be made at a source in your name. Note that some banks and credit card companies may take time to process payments especially in currencies where a correspondent bank is involved in the transaction.

9.18.2. Please note that a client's failure to complete the Company's due diligence procedure to the Company's satisfaction may affect the client's ability to withdraw his funds.

9.18.3. If you have a Joint Account, payments from your Joint Account will require a withdrawal request form which must be completed by all required Account holders and which must be submitted to us. Please refer to paragraph 8 – Customer Accounts and Initial Deposits, on Joint Accounts section for additional information.

9.18.4. If you request a withdrawal of monies from your Account and we cannot comply with it without closing some part of your open positions, we will not comply with the request until you have closed sufficient positions to allow you to make the withdrawal. In order to process your withdrawal request please ensure that the funds, namely the free margin, remaining on your account following your withdrawal is sufficient and in any case positive.

9.19 Corporate Action's Account Adjustment Policy

9.19.1. Stock splits, reverse stock splits, stock dividends and other stock related events ("Corporate Action") can have an impact on the share price and thus on the price of their CFDs. A Client who performs CFD Transaction has no ownership of the underlying instrument. However, in the event of a Corporate Action on the underlying asset of a CFD, the Company shall make the relevant adjustments in the Account to reflect the economic effect of the Corporate Action on the price of the CFD. This can be done through a cash adjustment and/or a position adjustment in the Account before or after the ex-date ("Effective Date"). In the case of a Corporate Action, and in an effort to maintain the same economic value of the relevant Transaction at the Account, the Company shall proceed with, among others, one or more of the following:

- (i) Freeze the financial instrument the underlying asset of which is subject to the split or reverse split so as not to be subject to any trading until the relevant adjustments will be made in the Account; and/or
- (ii) Freeze the Account until the relevant adjustments are performed; and/or
- (iii) Set the financial instrument, the underlying asset of which is subject to the split or reverse split on a close-only mode, in which case no new positions shall be opened.
- (iv) Make the relevant adjustments in the Account to restore the Account's Transactions in other financial instruments which were (post the Effective Date) or to be (prior to the Effective Date) affected by the Split. Such adjustments can be executed at the then current market prices which may be different than the prices the original Transaction was executed.

9.19.2. The abovementioned measurements shall get executed selectively or on several Accounts, pre or post the Effective Date, in timely fashion in an effort to disturb the activity in the Accounts to the minimum. The following are non-binding and non-exhaustive scenarios and examples made to illustrate the above-mentioned:

- (i) In case of a client holding a long position of financial instrument the underlying asset of which encountered a split, the Company may proceed with a positive adjustment

to the Account. In case of a reverse split, a Client holding a long position shall face a negative adjustment to the Account.

- (ii) In case of a Client holding short position and the financial instrument, the underlying asset of which encountered a split, the Company may proceed with a negative adjustment to the Account. In case of a reverse split, a Client holding a short position shall face a positive adjustment to his account.

9.19.3. When the client holds either a long or short position and the financial instrument, it's the underlying asset of which encountered a split or reverse split, the Company may proceed with a position adjustment in order to make the necessary adjustment to the price of the financial instrument to reflect the economic effect of split or reverse split to the Account. In this case, the Company may close-out the position in the Account and reinstate the position under a new instrument with the adjusted price to reflect the effect of the split or reverse split.

9.20. Trading Platform Account Archiving

9.21.3. The Customer further agrees that any Inactive Accounts, holding zero balance/equity, shall be turned to Dormant ("Dormant Account"). For re-activation of Dormant Accounts, the Customer must contact **AAAFx**' Customer Support Department and inform them of the Customer's wish to reactivate the Dormant Account. The Customer's Dormant Account will then be reactivated (subject to, if required, up-to-date Know Your Customer documentation provided to **AAAFx** by Customer) and become an Active Account. However where the Customer has not done the following with the Active Account: (i) place a trade; (ii) open or close positions; and/or (iii) make a deposit into the Customers trading account; for a period of 90 days and more, then this account it will once again become a Dormant Account. Prior to accepting any Award offer, you must consider the particular terms and conditions associated with the Award offered, as well as the content of our Bonus and Award Policy, as valid from time to time and as available on our website or upon request.

9.22.2. Customers are prohibited from opening multiple accounts with the Company for the sole purpose of enjoying more than one Award. Duplicate accounts may be closed without notice. In such cases the Company shall retain any Award rewarded to the Customer, any earnings will be forfeited and any amount deposited by the Customer to the Account will be returned to the Customer accordingly.

9.22.3. Awards are optional. The Customer may choose not to accept an Award. In these circumstances, the Customer will not be bound to the terms relating to Awards. Should the Customer mistakenly accept an Award, the Customer shall not trade in the Account and notify the Customer Support within 5 working days from mistakenly accepting the Award. In such circumstances, the Company will remove the Award from the Customer's account and the Customer shall not be held to the Award terms.

9.22.4. Miscellaneous –

- (i) Any improper or abusive trading, not in accordance with the Company's Client Retail Agreement terms and conditions, will result in the Award being revoked or not awarded, and may also result to your Account being frozen.
- (ii) No delay or omission to exercise any right, power, or remedy accruing to any party upon any breach or default under this Agreement, shall be deemed a waiver of any other breach or default theretofore or thereafter occurring;
- (iii) If any provision of this Agreement is held invalid or unenforceable, such invalidity or unenforceability shall not affect the other provisions of this Agreement, and, to that extent, the provisions of this Agreement are intended to be and shall be deemed severable;
- (iv) Once a trading account is classified as Inactive Account all Bonuses and/or Awards may be removed without prior notice. Please refer to section "Inactive and Dormant Accounts" for information on Inactive Accounts.

11. CLIENT MONEY AND ASSETS

11.1. Location of banks

We will endeavor to hold client money on your behalf segregated at **AAAFx's** "client money" accounts within the European Union, however we may also hold your money outside the European Union, when it is necessary in order to support the clearing and settlement of clients' transactions. We may hold bank accounts in countries out of EU where the legal and regulatory regime applying to any such bank or person will be different from the legal and regulatory regime in the European Union and in the event of the insolvency or any other analogous proceedings in relation to that bank or person, your money may be treated differently from the treatment which would apply if the money was held with a bank in an account in the European Union. In case that you choose these accounts for depositing your funds, we will not be liable for the insolvency, acts or omissions of any third party referred to in this clause. In all cases we have notified (or will notify regarding new accounts) to the appointed credit institutions that the accounts in which we hold clients' money must be distinguished from accounts containing funds belonging to the us.

11.2. Client Money

You acknowledge and confirm that you will not receive any interest on the balance of your Account.

11.4. Unclaimed client money

You agree that we may cease to treat your money as client money if there has been no movement on your balance for six years. Otherwise, your balance will be transferred to a special bank account held for such cases.

11.5. Liability and Indemnity

You agree that we shall not be liable for any default of any counterparty, bank, custodian or other entity which holds money on your behalf or with or through whom transactions are conducted. **AAAFx** will not be liable for loss suffered by you in connection to your funds held by us, unless such loss directly arises from our gross negligence, willful default or fraud.

12. MARGINING ARRANGEMENTS

12.1. Contingent liability

Where we effect or arrange a Transaction, you should note that, depending upon the nature of the Transaction, you may be liable to make further payments when the Transaction fails to be completed or upon the earlier settlement or closing out of your position. You may be required to make further variable payments by way of margin against the purchase price of the investment, instead of paying (or receiving) the whole purchase (or sale) price immediately. The movement in the market price of your investment will affect the amount of margin payment you will be required to make. We will monitor your margin requirements on a daily basis and we will inform you as soon as it is reasonably practicable of the amount of any margin payment required under this clause.

12.2. Margin call

You agree to pay us on demand such sums by way of margin as are required from time to time as we may in our discretion reasonably require for the purpose of protecting ourselves against loss or risk of loss on present, future or contemplated Transactions under this Agreement.

Please note that in the event that you fail to meet a margin call, we may immediately close out the position. If there is an Event of Default or this Agreement terminates, we shall set-off the balance of cash margin owed by us to you against your obligations (as reasonably valued by us). 15.4. Calculation of Liquidation Amount

Upon the occurrence of a Liquidation Date:

- (i) neither of us shall be obliged to make any further payments or deliveries under any Transactions which would, but for this clause, have fallen due for performance on or after the Liquidation Date and such obligations shall be satisfied by settlement (whether by payment, set-off or otherwise) of the Liquidation Amount (as defined below);
